# THE SOCIETY OF THE FUTURE

## THE SOCIETY OF THE FUTURE

The Society of the Future is a group of people who are interested in the future of the world. They are interested in the future of the world because they believe that the future is something that we can control. They believe that we can make the future a better place than the present. They believe that we can make the future a place where there is no war, no poverty, and no suffering. They believe that we can make the future a place where everyone is happy and free. They believe that we can make the future a place where we can all live together in peace and harmony. They believe that we can make the future a place where we can all have a better life than we have now. They believe that we can make the future a place where we can all be happy and free. They believe that we can make the future a place where we can all live together in peace and harmony. They believe that we can make the future a place where we can all have a better life than we have now.

## SHORT STATEMENT OF PRINCIPLES.

**THIS SOCIETY** differs in its Principles from any other Office.

Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of Periodical Bonuses, it gives from the first as large an Assurance as the Premiums will with perfect safety bear—reserving the Whole Surplus for those who live long enough to secure the Common Fund from loss.

A Policy for £1200 to £1250 may thus in most cases be had for the Premium usually charged for £1000 only; while, by *reserving* the surplus, large additions may be expected on the Policies of those who live to participate. In a few cases, Policies sharing at the whole four divisions have already been doubled.

ITS TERMS are thus well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions in Family Settlements, or otherwise, where it is of importance to secure, from the first, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

### Annual Premiums for £100 at Death (with Profits).

AGE.	25	30	35	40	45	50
Payable during life . . . .	£1 18 0	£2 1 6*	£2 6 10	£2 14 9	£3 5 9	£4 1 7
Limited to 21 payments . . .	2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

\* A Person of 30 may thus secure £1000 at Death, by a yearly payment, DURING LIFE, of £20, 15s. This Premium, if paid to any other of the Scottish Mutual Offices, would secure £300 only, instead of £1000.

At age 40 the Premium *ceasing at age 60* is, for £1000, £33, 14s. 2d., being about the same as most Offices require to be paid during the whole term of life.

## The 38th Annual Meeting was held on 29th March 1876.

The Report was stated to be the most favourable yet submitted. The New Business was—1928 Policies, assuring £1,091,762, 10s., being £40,000 above the ordinary Business reported last year. The Premiums received (after deducting re-Assurances) were £296,487, 10s. 3d. The total Receipts of the year were £408,848, 7s. 6d. The Subsisting Assurances were 21,294 in number, assuring £10,661,413, 15s. 8d.

The Deaths in the year were 237. The claims (under 302 Policies), after deducting a portion covered by re-Assurances, amounted to £163,936, 1s. 10d., in both cases greatly under the estimated amount.

The Realized Fund at close of the year was £2 648,886, 15s. 5d., the increase in the year being no less than £229,881, 17s. 7d. The Fund now exceeds £2,700,000.

*Full STATEMENTS of PRINCIPLES will be found in the ANNUAL REPORTS.*

EXPLANATION.—In the Left-hand Table are the years of the Century, and above each is the Dominical Letter corresponding with that Year. Then, opposite to the Month, at the foot of the Right-hand Table, will be found a corresponding Letter, over which are placed the Days of the Month and Week for that Month (distinguishing the Sundays by a different type). Each Blank Space in the Left-hand Table shows the Year following to be Leap Year; and as every Leap Year has two Dominical Letters, the Letter above the *Blank Space* must be used for January and February in every Leap Year; and for the other months, use the Letters belonging to the respective Years. By transposing the Dominical Letters, this Calendar would answer for any Century.
